REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-2, 4 and 17-23 are allowed because none of the prior art references of record teaches a liquid cartridge comprising a valve lid that holds a valve member by being fitted into a concave part, formed in a wall face of a cartridge body, and also presses an outer circumference of the valve member toward the wall face of the concave part and a seal member for sealing to urge an outer surface of said valve lid opposite to a surface, on which the valve member is provided, and a wall face of said cartridge body around said outer surface of said valve lid in a direction so that the valve lid is in contact with a projection forming on the surface of the wall face in the combination as claimed.

Claims 5-16 and 24-25 are allowed because none of the prior art references of record teaches a liquid cartridge comprising a valve lid having a substantial cylindrical valve member holding part that is disposed within a peripheral edge of a valve member to fix the peripheral edge in the combination as claimed.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
